

Norwegian staff/ground personnel of 132 (N) Wing 1944-1945

Personnel of all ground categories, including a few pilots temporarily in administrative positions. Note that rank changed, sometimes also duty. Probably attached to Wing H.Q. when sub unit was gone. Source: Unit lists during 1944-1945 and main 132 (N) Wing list made shortly after the war. Probably not a complete list, especially regarding personnel spring 1944. Personnel sometime switched units. Mechanics listed according to lists from spring 1945. Errors may occur. ACH=Aircraft Hand. DMT=Driver Motor Transport. LAC=Leading Aircraft Hand. S.E.=Servicing Echelon.
